

CAN PAK ENVIRONMENTAL INC

GREEN BOX RECYCLING IN THE TOWN OF TROCHU

Can Pak Environmental Inc. does a household green box recycling collection in your town.

Collection days are every other week.

Please have your recycling out by 7:30 AM on the collection day. The Green Box should be placed on the front side of your property in plain view of the street. Please ensure that public walkways remain clear.

Extra recycling materials can be placed beside the Green Box in clear plastic bags. Extra cardboard can be folded and tied if needed and placed under the box.
