... The Recycle Program ...

Effective October 1, 2026

**You will be able to recycle even more
materials.**

These materials include glass containers,
foam packaging, flexible plastic packaging,
empty aerosol containers, laminated paper
and plastic packaging.

Give containers a quick rinse before putting
them in your recycling.

Containers must be empty for recycling.
Place materials clean, dry and loose in your
recycling.

Flatten and bundle cardboard to save space.

Lids and labels can remain on containers.
Have your recycling to the curb by 7 a.m. on
collection day.

All recycle containers should be clearly
marked and put at the curb to ensure they
are not missed. Cardboard should be
flattened and large bundles tied to prevent
them blowing around on windy days.

**Items that are meant for long term use
such as tupperware, toys, reusable water
bottles and cookware, do not belong in
your recycling.**

Consider donating them instead!

For a full list of accepted recycling please see
the Town website or come to the office and
we will gladly print the list for you.
Recycle dates are circled on the calendars on
the back page.

We have included the Kneehill Area
Recycling & Transfer Sites brochure for your
convenience.
